Student's satisfactory Survey Report

2019-20

Analysis of Responses First & Second Year Students 2019-20

Teaching learning Process –

The teaching as well as learning process in the college is too good. Teachers used to give a personal attention after student. There as a good coordination between teachers and students. College organized other extra circular activities like sports or other competitive events like speech competition, dance competition, etc.

Here, teachers encourage students for good career. Some guest lectures are organized by the college of guidance for students' bright future. Some individuals are invited to give the guidance and increase the confidence of the students and motivating them for successful career. Teachers are well qualified of the college. Teaching is very effective in the college so students shouldn't go through any problems of the particular subject.

Also Teachers are using blended learning. Some of the faculty started their YouTube channels, and uploading e-content on those channels, the link of channels are uploaded on Institute's websites and SPPU's website.

About Infrastructure –

College premises and buildings are spacious. Classrooms are well ventilated and illuminated. Playground is facilitated by the college with good sports equipment like cricket kit, football, volleyball. Water purifier is fixed in the college for fresh and pure water. College has library with plenty of various books for reading. Big reading hall is also facilitated for comfort of students. Computer lab is provided by the college for students. Students can do the PC work whenever they required. Every method has separate method room. Science Lab is also facilitated for experimental works. In science Laboratory

there are separate sections for Biology, Physics and Chemistry. All necessary instruments are easily available in the Lab. In Psychology lab there is adequate number of psychology experiment and other material. In this college there is qualified faculty.

In our college there are separate rooms for girls and boys. In college we have gender specified facility of washrooms/toilets.

Faculty: Regarding the faculty. The students found them very cooperative, regular, knowledgeable and well qualified. They appreciated that some lecturers used group activities and technology to teach their courses. Many mentioned that the lecturers were motivating and caring. So the students acknowledged their satisfaction regarding the teaching staff.

Faculty gives sufficient time for guidance. All faculty members are caring and humble in nature.

Non-Teaching staff: The students had a pleasant experience interacting with the office staff. In general they found the non-teaching staff helpful, supportive, prompt and efficient. General Administration: The students had a very good opinion regarding the general administration, indicating that there was an improvement in cleanliness. They also appreciated the facilities and equipment's available for the students. In general they found the college staff understanding, perfect in their work and cooperative. Hence the students were very satisfied with the overall working of the college.
